My activities in 2005

1. Monographs

2. Articles in scientific journals and edited collections (refereed)

3. Conferences: published papers

4. Chapters in books edited by IK

5. Conferences: unpublished presentations

6. Posters

7. Workshop organization

8. Editor of a new book series

Book series Coeditor with Thomas Binder: Nordic Design Research Series published by IT Press, Helsinki. In 2005, the first two volumes appeared:

9. Lecture series given outside UIAH

*Workshop on Interpretive Design and Material Interaction*. For Ph.D. students. Royal School of Art and Architecture, Copenhagen, Denmark, Aug. 16 – 17, 2005.

In addition, about 10 individual lectures and papers. Places range from Finland to University of Southern California (Los Angeles) and Keio University (Tokyo) to H&P Laboratories (Palo Alto)

10. Other activities

In addition things like (examples):
- participation in the workshop ”Fieldwork Untethered” in Tokyo
- referee in several conferences (latest CHI)
- program committee member in the First Nordic Design Research Conference (Nordes.org), responsible for doctoral programme with Jacob Buur, University of Southern Denmark
- tutoring and evaluating a few masters’ theses in UIAH
- responsible leader in two studies funded by the Academy of Finland (Morphome, The Domestication of Design)
- probably several other things, but my memory leaks
- about 5 appearances in national radio and TV
